Shark Cage Driving

Tick it off Your Bucket List. Few things compare to the adrenalin rush and exhilaration one gets from being face to face with a 3 m Great White, especially when they curiously cruise right up to the cage and eye you within kissing range!

Your Choice Makes a Difference! Taking you on captivating trips at sea to meet and dive with the Great White Sharks is just one of many things we do to protect, conserve and enjoy the unique marine wildlife in the Gansbaai area.

Skydiving

On the way up in the aircraft, the view is breath-taking. To the South, the Mother City lies sandwiched between towering Table Mountain and bustling Table Bay harbour. Further to the south, and to the far side of the mountain, lies False Bay, Hout Bay and the splendour of the South Peninsula as far as Cape Point. To the West, you will spot Robben Island - Cape Town's own Alcatraz - and the Atlantic Ocean breaking on the beautiful Cape West Coast, as famous for its icy water temperature as its mouth-watering crayfish. To the North, the Langebaan lagoon, a great kitesurfing and windsurfing venue.

Sand Boarding

Sandboarding and Tobogganing in Cape Town (Atlantis). A great fun outdoor adventure for the family and children. My outings are affordable and I also do birthday parties including kid's games and transport into the sand dunes. Sandboarding Trips are 45 minutes' drive out of Cape Town into the Atlantis Dune Fields where you can enjoy pure nature, fine sand with slow gentle to fast steep slopes. Experience the thrill of surfing down the dunes on a duneboard either standing, sitting or lying down.

Paragliding

In Cape Town, we paraglide mainly from Lions Head and Signal Hill. The paragliding launch site we use depends on the wind direction at the time. Sometimes we start flying from Signal Hill and then move across to Lions Head as the wind changes throughout the day. Tandem paragliding flights vary in duration and it is not

possible for us to guarantee a specific flight time due to the changeable nature of the wind and general weather conditions in Cape Town. We only fly in conditions that allow us to launch and land safely.

Ziplining

You will be in the company of soaring eagles, surrounded by breath-taking Cape fynbos panoramas and mountainscapes only an hour's drive from Cape Town by car could well be exactly what you are looking for. Thrilled zipliners who have completed the course have described it as super safe. One commented that the quality of the structure and equipment was reassuringly high and had made her fear of heights irrelevant. It has been described by Lonely Planet as "vertigo-tinged fun" and "an exciting aerial perspective".

Kneeboarding, Waterskiing & Wakeboarding

The Cable (the over-head pulling system) is made for kneeboarding, waterskiing and wakeboarding but surfing on a door or barefoot skiing has been seen before too! You can either bring your own equipment or hire some out. The only requirement is that you are able to swim. It is also a popular destination for kite boarders on a windless day. For advanced riders, Blue Rock is one of the biggest obstacle parks in the world. For beginners, there are skilled instructors for assistance. Depending on the weather, night skiing is offered on a Friday evening from 7pm – 9pm. School outings are made possible with subsidized tariffs.
